# LONE STAR BUCKING BULL GENETICS & WESTERN SPORTS FOUNDATION

## Yearling Bull Sale

We couldn't be more excited to welcome you to this sale and venue for our set of yearling bucking bulls. Being able to sale bulls at the Cheyenne Frontier Days is an incredible opportunity for us. Before we touch on the bulls in the sale, we would just like to remind everyone that 50% of this money is going to the Western Sports Foundation and their goals of helping rodeo athletes. We are very fortunate to be able to raise bucking bulls, and feel like we owe it to those athletes to be sure we do everything we can to ensure the western sports stay around forever!

Having said that, your bull purchase payments today will be directly to the Western Sports Foundation. There fore, your entire purchase will be seen in tax season as CHARITABLE DONATION to a 501-C3 organization!!! What better way to get into the bull business than making a purchase in this sale!

Over the past 15 years, we have been steadily building a cow herd that we feel is pretty special. We have taken that same set of cows and bred them to super sires High Tensile and Pit Boss to give you a majority of the offerings in the sale today. We have bucked and handled these calves the last few months and feel most of them still have a huge upside for yearling competitions, up to being great rider bulls years down the road.

In 2018 alone, the American Bucking Bull sanctioned yearling and two-year-old events that paid-out over \$3,500,000 in competitions! The potential for these bulls in earnings at the American Heritage events, Series events and the big new event in San Antonio next February. We will also be offering a \$10,000 added purse that is for these sale bulls only to be held in 2020.

There is no way we could get everything done if it was not for the help of everyone. From our hired help to friends who sacrifice their own time to fill in at times when we really need a hand. From pulling gates, videoing, helping work cows etc. The list is too long to write out but we hope each one of you who have been there for a helping hand realize how much we appreciate you.

Lastly we would like to thank our family, our parents, kids and especially to our wives,

If you have any questions leading up to the sale or during the sale please contact us.

Thank you  
Lone Star Bucking Bull Genetics

Lone Star Bucking Bull Genetics is located in Cushing, Texas. Cort and Chase Richards, the owners of Lone Star have been in the bucking bull business for 15+ years. In these 15+ years they have accumulated some of the best genetics and owned some of the top females in this industry. These females have given them a solid foundation to raise the caliber of bulls that it takes to compete and win to this day!

Lone Star has raised some of the top bucking bull athletes in this industry, a couple of their home-raised standouts include, PBR Superstar 927 Air Time, 2X ABBI World Champion, 423 War Cloud, ABBI Money Earner, PBR Finals and NFR bucking bull 33 Livin Large, ABBI Money Earner of \$100,000+, 625 Got It Handled, four-time PBR Finals and two-time NFR bucking bull, 12 Crossfire, A.K.A., I Always Stand and many more!

When it comes to raising these superstar bulls, Chase and Cort have been there and done that. In the past several years the Richards brothers have purchased some outstanding herd sires to cross back into there breeding program. What you're seeing offered in this sale is a product of their foundation females and these great herd sires. You can buy with confidence knowing that these genetics have been carefully put together over the past 15 years to create these outstanding athletes for you.

The Richards brothers are proud to partner up with the Western Sports Foundation on this outstanding set of 2018 born bulls. Fifty percent of the proceeds from this entire sale will be donated to the Western Sports Foundation, a Colorado based 501-C3, non-profit organization benefitting the injured cowboys of our sport! Jump on board with Lone Star Bucking Bull Genetics and Western Sports Foundation to benefit the injured cowboys of our sport as well as the opportunity to own a bucking bull.

# Thank You TO OUR Family & Partners

I think it is pretty safe to say that anyone that is successful must work hard and have a little bit of luck. We also believe to be successful you need a lot of good friends and help along the way. We have chose a few of these people to highlight and recommend to any of you looking to get in the bull business. By no means is this everyone that has helped us out along the way, just a few we feel we owe a special thank you to ...

**D&H CATTLE Co.** | Bruiser, Long John, Mossy Oak Mudslinger are just a few of the many greats that this family has produced. The list can go on for miles. This outfit sets the bar for the industry. We have been blessed to be able to partner on some great breed bulls with HD and family. They set themselves apart by the caliber of animals they raise and haul, and by the business in which they have been able to conduct in this industry.

**ACE OF SPADES** / Our very first partner and friends in the bull industry from 15 years ago. With out Scott and Tiffany Accomazzo there is zero chance of us getting over the hump and ever being able to have a bull sale of this magnitude at Cheyenne Frontier Days with Western Sports Foundation. They breed and sale great animals every year out of Stephenville, Texas.

**D-JLONG** / The competitive nature of this once record setting Texas A&M quarterback has come out in full force in breeding bucking cattle. He has stepped in, made some bold moves and acquired some quality cattle. We have a few great prospects in this sale that he raised.

**RED LACES CATTLE Co.** | Being relatively new to the breeding of bucking cattle and just recently moving from California to Texas to pursue their dreams in the industry. Beau Mills is already seeing great success. Beau and family have figured it out fast and they are destine to be an industry mainstay. If you haven't met or done business with Beau we strongly suggest you do. He has been able to bring his competitive nature from the baseball field into the pastures and arenas.

**BS CATTLE Co.** / Brandon and Kenzie Stewart are constantly motivating us to be better, not only better bull raisers ... but better Christians, humans and friends. We can't thank them enough for that. Being around this industry since he was in diapers, Brandon is pushing to see us evolve as an industry. If you want in the bull industry he is a hub of information.

**TYLER JOHNSTON, OUTLAW LIVESTOCK** / Tyler came to us about a year ago and had his eye on some great females we did not want to give up. He talked us into partnership on a great set of females in which we are positive you will see some studs out of in the future. Tyler, thank you for the friendship and opportunity to do something great in the industry.
