We want to welcome you to our 11th Annual Hybrids for Profit Bull Sale! Hybrids for Profit is more than just a name for the sale, it is truly what these sale features are all about. We talk about eye appeal and exceptional females a lot but what doesn't get enough attention is the commercial cattlemen's take on what Chi Influenced bulls add to their herd. Our great customers over at Dry Fork Ranch, Craig, CO were recently named the American Chianina Associations 2020 Commercial Cattleman of the Year. They are quoted with stating that there are feedlots waiting for their cattle in the fall because the calves convert so well. Simply put, Chiangus cattle yield and grade for their customers. Congratulations to the entire Green Family!

We are so pleased with this set we are bringing to you for the 2021 sale, which will be held as a private treaty bid off again this year. We felt the new platform last year allowed us more time with each customer and we enjoyed the laid back atmosphere with a smaller offering. We hope you are able to make a visit to Aberdeen, SD to see the set in person, they are changing each and every day as they are maturing into really great herd sire prospects. As stated in the past we have a proven track record of finding the right bull for your operational needs so please give us a call and we would be happy to discuss the offering!

We want to thank you for taking interest in our program and allowing us the opportunity to serve you in your seed stock needs. We also want to extend a big welcome and "Thank You" to our guest consignors, Becking Family & Hanewich Family, who are not just bringing consignments, they are bringing their best! We appreciate them trusting our operation and platform to help market their mating's.

Thanks,  
Justin Holt
